## REVOLT COVERS ALL OF KOREA

Many Are Killed by the Japanese During Bloody Rioting.

### THIRTY SLAIN AT SUNGCHUN

Scores Die in Other Towns as the Disorder Becomes Widespread—Outbreak Planned for Day Former Emperor Was Buried.

Shanghai, March 18.—Thirty persons were killed and forty wounded at Sungchun, Korea, on March 4, according to a translation of an account of the disorders in that country published in a Japanese newspaper at Seoul and translated by the Reuters agency.

At the village of Suheung, south of Pingyang, four gendarmes fired on a mob until their ammunition was exhausted, 51 persons being killed, the account states. The mob eventually killed the gendarmes. At Yangdok 20 rioters were slain in an engagement.

The activities of girl students throughout the demonstrations in Korea are emphasized by the newspaper, which makes particular mention of the fact that at Anju two Korean gendarmes discarded their uniforms, joined a crowd and shouted: "Long live Korea!" The Japanese guards thereupon fired, eight persons being killed and 30 wounded, four mortally.

The demonstrations have been more general than has been reported by the Japanese, according to information reaching this city from across the Korean frontier. It is said that all classes of the population are taking part.

The outbreak was planned for March 4, the day of the funeral of former Emperor Yi Hui, but the nationalists suddenly changed their plans and began demonstrations before that date.

Washington, March 18.—President Wilson has been asked by the Korean National Association to initiate action at the peace conference looking to independence for Korea, with the country to be guided by a mandatory until such time as the league of nations shall decide that it is fit for full self-government.

The copy of the letter to the president was made public here by Syngman Rhee and Henry Chung, who are the authorized delegates of the association in the United States. At the same time there was also given out a letter addressed to the peace conference asking that Korea be freed from the domination of Japan.

Both letters assert that Japan established a protectorate over Korea in direct violation of her treaty obligations to Korea; that since that time the country has been under the

### BERLIN REDS BEATEN PRESIDENT IN PARIS

WAR MINISTER NOSKE SAYS INSURRECTION SUPPRESSED.

Spartanists Marched Through Streets to Death, Handcuffed and Heavily Guarded.

Basle, Switzerland, March 15.—The Berlin insurrection may be considered as suppressed, Gustave Noske, the minister of defense, announced in the national assembly at Weimar, a German dispatch reports.

Berlin, March 15.—Slaying revolutionary songs, 230 Spartacist prisoners were marched to their death through the Unter den Linden. They were a bedraggled crew, with their wrists handcuffed together behind their backs.

About them marched helmeted soldiers with rifles and in front were armored cars and lorries filled with soldiers supported by machine guns. The guards consistently shouted at the crowds to keep back and kept firing blank cartridges at windows and doorways to prevent any attempt at rescue.

Twenty-four Spartacist prisoners were reported executed in Magdab prison earlier in the day.

London, March 14.—German women, fighting with the reds at Berlin, slayed and scalped wounded officers and then held a war dance about the bodies, said a Rotterdam dispatch to the Daily Express.

More than 1,200 Spartacist prisoners have been confined in Berlin jails.

The behavior of the Spartacists in Lichtenberg, a suburb of Berlin, during the past three days' fighting, was worse than the bolshevik cruelties in Russia.

The government troops, it is added, continue to kill every prisoner they take.

## EARLY PEACE TO SAVE THE WORLD

F. A. Vanderlip, New York Banker, Asserts All Europe Is Facing Chaos.

### CALLS SITUATION APPALLING

Declares Great Productive Machine of Europe Must Be Started to Prevent Reign of Terror.

Paris, March 15.—"I doubt of America's beginning to comprehend the seriousness of the appalling situation which confronts Europe and the wreck which the whole fabric of civilization is now facing," Frank A. Vanderlip said to a correspondent here. He has been investigating conditions in England and France and will continue his inquiry in Switzerland and Italy.

"America was once told there might be peace without victory," he said. "What we have is victory without peace. Production has ceased and useless production can be speedily resumed one's imagination cannot comprehend the chaos which may ensue."

"There is nothing to be gained by stopping to question who is to blame or by finding fault with the way events have been guided. The great productive machine of Europe must be started or the world will be confronted with a disaster such as no experience has recorded. Here in France everything waits on the settlement of the question of indemnity and the progress of events in Germany."

There will be a great loss of life, he said, about 3,000,000. "If the world is to be saved, the prospect of indemnity must be dropped."

Nothing of the utter completion of the war zone. It is ever, covers only a picture truly channel to the German wreck, how is possible a wreck from the all Europe. It produces a sweet

summed, the horrors of war not period, which is neither war nor civilization. In the face of such a pulling disaster, every partisan emotion, every essential difference, should be instantly forgotten.

"Unless terms of peace can be agreed upon or unless these are such as will permit the reconstruction of something approaching industrial life, there is not much chance, there is a strong probability of Russian bolshevism overrunning Germany. What bolshevism overruns never be really pictured by a mind. No description of it has ever been drawn. One may say that temperment and psychology are not such as to lead them

## A NERVOUS BREAKDOWN

Miss K. Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Newark, N. J.—"For about three years I suffered from nervous breakdown and got so weak I could hardly stand and had headaches every day. I tried everything I could think of and was under a physician's care for two years. A girl friend had used Lydia E. Pinkham's Vegetable Compound and she told me about it. From the first day I took it I began to feel better and now I am well and able to do most any kind of work. I have been recommending the Compound ever since and give you my permission to publish this letter."—Miss FLO KELLY, 478 So. 14th St., Newark, N. J.

The reason this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, was so successful in Miss Kelly's case was because it went to the root of her trouble, restored her to normal healthy condition and as a result her nervousness disappeared.

## SMOKING TOBACCO FACTS FROM THE ENCYCLOPAEDIA

The Use of Flavorings Determines Difference In Brands

The Encyclopaedia Britannica says about the manufacture of smoking tobacco: "... on the Continent and in America, certain 'sauces' are employed the use of the 'sauces' is to improve the flavor and burning quality of the leaves." Which indicates that a smoker's enjoyment depends as much upon the flavoring used as upon the tobacco. Your nose is a sure guide in the matter of flavorings. Try this simple test with several tobacco brands: pour some tobacco into your palm, rub briskly, and smell. You will notice a distinct difference in the fragrance of every brand. The tobacco that smells best to you will smoke best in your pipe, you can rest assured. Carefully aged, old Burley tobacco, plus a dash of pure chocolate, gives TUXEDO Tobacco a pure fragrance your nose can quickly distinguish from any other tobacco. Try it and see.
